

Consonant Sound /v/ spelled “v”

Copyright © 2007 OnTrack Reading

This list was taken from a 7,000 word database built from a children’s dictionary. Only one-syllable words are listed with the list organized by **beginning v**, then **ending v**. Note that words like *save* are taught as having the split vowel spelling **a-e** for the vowel sound and so only the letter **v** represents the /v/ sound.
